

2022 Virtual NCLEX® Conference

Thursday, Sept. 22, 2022

Program Schedule

Thursday, Sept. 22

10:00 – 10:05 am

Welcome

10:05 – 10:30 am

2021 Practice Analyses and the 2023 NCLEX-RN and NCLEX-PN Test Plans

In 2021, NCSBN conducted the PN and RN Practice Analyses to inform the development of the 2023 NCLEX-PN and NCLEX-RN Test Plans. Entry-level nurses are making increasingly complex decisions during patient care. These increasingly complex decisions often require the use of clinical judgment to support patient safety. As a result of the importance of clinical judgment in the delivery of safe and effective nursing care at the entry level, NCSBN has added clinical judgment to the 2021 Practice Analyses to accompany the existing focus of entry-level nursing activities frequency and importance. This session will discuss the results of the 2021 Practice Analyses and pending updates to the NCLEX® test plans that will be effective April 2023.

10:30 – 11:00 am

Standard Setting

Standard setting is a process used by testing professionals to determine the passing score on a test. It is a crucial step in establishing the validity and legal defensibility of an exam program. The NCLEX-RN and NCLEX-PN examinations re-evaluate their respective passing standards triennially. During this session, NCSBN staff will discuss the steps involved in setting NCLEX passing standards, including how to set the passing standard on Next Generation NCLEX (NGN) items.

11:00 – 11:20 am

Q&A Session 1

11:20 – 11:50 am

Break

11:50 am – 12:15 pm

Testing Operations: Exam Administration and Accommodations

In addition to developing the NCLEX, NCSBN provides daily operational, security and testing accommodation support for NCLEX candidates, nursing educators and

Nursing Regulatory Bodies (NRBs). During this session, we will explore how NCSBN ensures fair and secure delivery of the NCLEX by administering the exam under strict supervision and security measures. The session will conclude with a summary of the NCLEX testing accommodation process, including the roles of candidates, NCSBN, Pearson VUE and NRBs.

12:15 – 12:35 pm

Q&A Session 2

12:35 – 2:20 pm

Guest Speaker's Presentation

Looking for effective ways to apply the NCSBN Clinical Judgment Measurement Model (NCJMM) in your classroom? We will partner with a nursing education expert to share concrete tips and techniques that educators can use to assess clinical judgment in classroom settings.

2:20 – 2:35 pm

Q&A Session with Guest Speaker

2:35 – 2:50 pm

Break

2:50 – 3:10 pm

Next Generation NCLEX (NGN): Test Scoring

This session will cover all the scoring rules applied to the Next Generation NCLEX® (NGN). NCSBN staff will demonstrate the scoring rules by walking through examples of various item types.

3:10 – 3:35 pm

Next Generation NCLEX (NGN): Computerized Adaptive Testing (CAT) and Stopping Rules

During this session, NCSBN staff will highlight principal elements of Computerized Adaptive Testing (CAT) for the NGN. Staff will explain the test design and illustrate how the CAT works. Some examples will also be used to demonstrate the NGN CAT.

3:35 – 4:00 pm

Final Q&A and Closing

The National Council of State Boards of Nursing (NCSBN®) is pleased to present its annual NCLEX Conference as a virtual event. This one-day educational conference on Sept. 22 provides nursing educators with Next Generation NCLEX® (NGN) updates along with helpful tips and techniques for applying the NCSBN Clinical Judgment Measurement Model (NCJMM) in the classroom. Live question and answer sessions will be available throughout the event. The conference will also feature a variety of video resources about the NCLEX.

Register [today](#).

An application for contact hours has been submitted; session times and topics are subject to change. To receive contact hours, the full conference must be attended; no partial hours will be given.
