

## ***The Role of APRNs in Health Care - Video Transcript***

©2012 National Council of State Boards of Nursing, Inc.

More info: [ncsbn.org](http://ncsbn.org)

We're nurses with extensive knowledge and experience.

Graduate level education.

And advanced certification.

We are advanced practice, registered nurses.

State Boards of Nursing protect the public by licensing advanced practice registered nurses. Support our efforts to unify regulatory standards.

So we can continue to provide quality care.

And give you greater access.

Visit [NCSBN.org](http://NCSBN.org) to learn more about efforts in your state.
